SPECIAL HUMANITIES EDITION

# ADIEU.....

This is for all the would-be successful scientists, doctors, engineers, C.A.s, economists, entrepreneurs, businessmen, bureaucrats, politicians etc. etc. With your journey through the school coming to an end, I hope you all are excited about the future that awaits you.. I am sure we all are going to miss this beautiful & memorable phase of our lives, but nevertheless, there are many more of such joyrides in store for you out there... Many new learning and fun experiences, many new teachers and friends and books and parties and what not! On one hand it is disheartening to realize that now we wont have any "seniors" to scold us, guide us, teach us, counsel us, pull our leg, support us, and most of all, love us like you all have had, throughout the year... and, on the other hand, we all want to wish you a hearty and love- filled "GODSPEED". May all your tasks be achieved with the best of compliments and may all of you touch the highest of skies.... So, here's wishing all of you sweethearts all the very best for your future- studies, career and for your entire life...

Goodbye dear friends, may we learn to be as responsible and as loving as you, while we are with our juniors...

Thank you for everything and hope all of us are always in touch..!

BEST WISHES AND REGARDS

LOTS OF LOVE

Your Juniors... :)

**We bring to you some of the 'MUST VISIT' places for the actual fun of partying..!**

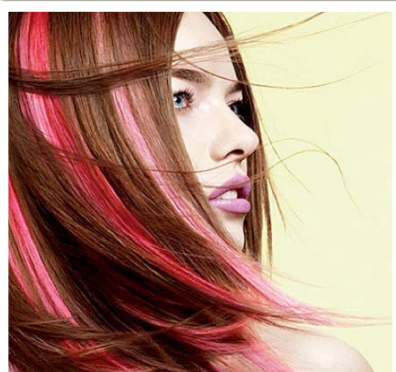

# SETTING THE TRENDZ....

*5 fashion DARES we challenge you to try....*

We dare you tap into some childhood nostalgia with a over sized bow on your head. Trust us you will grab eye balls for sure!

We dare you to take this tradition from across the ponds of your this spring wedding party and inspire some fascinating to be brides to continue the trend

Pastel hair is almost as normal as a natural blonde, so sporting a new hue shouldn't be much of a shock. We dare you color your hair something completely unnatural, why not something like pink or green or red..?!!!

We dare you to try on temporary lip tattoos. I mean, it doesn't get much more daring than that, does it?

Japanese designer Noritaka Tatehana caught the eyes and inspired other designers to eliminate the reliable heel of their own shoes. We dare you to take a walk in these bad boys. But don't blame us if you hurt yourself!

# THE STREET MUNCH...

*5 street food items of Surat...*

## SEV PURI

The Bombay Bhel Centre is famous for its Sev Puri. It is opposite Rangilla Park. A large number of people who come for shopping to this area or are residents here, can often be found munching on this popular dish.

## CHEESY GRILLED SANDWICH

With loads of cheese, mayonnaise and vegetables, this is a very popular bread-based dish among the teenagers, especially the ones out for evening tuitions or classes during the snack time at CCL.

## CHINESE

The chinese dishes available at Binayak Fast Food Centre at corner point in city light are very famous especially among the localites there and of course the stressed students coming for classes in that area... Its my personal favourite!

## JINI DOSA

An innovation in the south Indian cuisine brought in by Malhar Dosa Wala in piplod has made it an emerging dosa hotspot of the city. the jini dosa, filled with noodles, cheese, vegetables etc., is a delight to eat.

## ASHARFI LAL'S KULFI

The special; kulfi served at Asharfi Lal's has made it exceptionally popular among dessert- lovers, especially ones who are fond of kulfis. so next time you see it, do give it a try!

KEEP SMILING..!!

## 5 WAYS TO BE HAPPY...

1. Smile more and learn to laugh at yourself.

2. Make time for the 3 F's : Faith, Family & Friends.

3. Create a list of all the things that make you unhappy and find a solution or ways to eliminate them.

4. Learn to manage your time and your money.

5. Set a goal or create a dream list and work diligently towards them.

# WE GREW UP WITH THEM...!!

Cartoons, our first love..! Every single person on this Earth has grown up enjoying them. From the bubbly and naughty 'Tom and Jerry' to the strong hunk 'Ben 10', these animated creatures have always had the magical magnetic quality of getting we folks glued to their nonsensical acts. And I'm sure this unusual hilarious craze will never come across a finishing line in the generations to come....

Here are some of the most favourite cartoons of all times...

1. The Simpsons
2. The Powerpuff Girls
3. Scooby Dooby Do
4. Popeye, The Sailor Man
5. The Flintstones

*ADVERTISING is of great importance in today's competitive colourful BIZZZ world. It is that weapon which can bring about the biggest change in our life style...a tool just impossible to avoid and can range from subtle word mouth strategies to full blow million dollar campaign.*

Many ads. aim to raise awareness. They advertise with an icon, a grabbing tagline, a memorable jingle and humor.

Here is the list of some of our favourite ads...!!

The very spirit of life has always been a continuous journey of new learning experiences and exploring beyond the limits. Joining Humanities was a similar experience for almost all of us. Being introduced for the first time as a stream at DPS Surat, Humanities came across as just the right option for the twelve of us, ten from DPS itself, and two who joined our newly made family only to add more fun, love and creativity to it!

With the correct combination of seriousness and fun; with the correct combination of studies and activities; with the correct combination of discussion and writing; with the correct combination of friendship and fight; and the correct combination of the *terrific twelve* with their *marvelous mentors*, Humanities is the the perfect place for all of us! We definitely have found our '*element*' and are proud to be here, where we belong... So, with due respect to all other streams around here.., "HUMANITIES ROCKS..!!"

- KIRTISHREE SOMANI

# HOLA HUMANITIES..!!

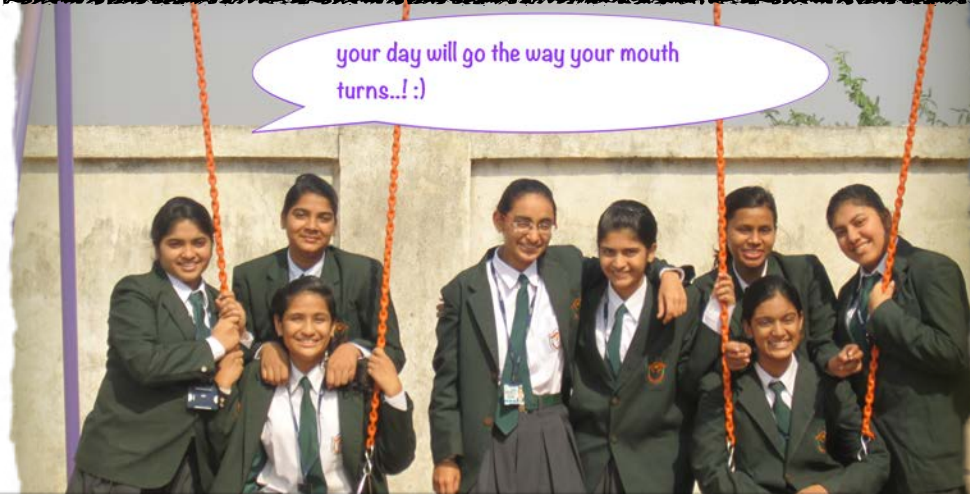

Choosing humanities was one of the most crucial decisions we took. Choosing any stream is so, for that matter. Piling up people with different ideologies, mindsets and aspirations that is what makes us a happy family..!!

We have loved and will keep loving humanities as it has given us a different identity. We have been given many opportunities, to explore the real us.

# EVERY PICTURE HAS A STORY TO TELL..!!

your day will go the way your mouth turns..! :)

if u think SUNSHINE brings u happiness.. then u haven't danced in the rain..!

adults are KIDS grown up anyway..!!!

winning isn't everything... but WANTING to win is..!

When we were asked to make this HUMANITIES SPECIAL issue of the T- Mag, we were left thinking hard as to what our theme would be? Friendship, Fashion, Summer, School events etc. etc. - ALL DONE! So, what do we do..?! after a hell lot of thinking, most of it being futile, we finally got this idea of doing it on 'LIVE UNPLUGGED'- a topic that was very close to the T hearts. The title basically talks about how once in a while we so need to break the daily routine to go beyond the usual and explore LIFE as never expected. So, we would recommend all of you to try **LIVING UNPLUGGED** giving **YOURSELF** a break from all the stress and tension... So, don't think so much before saying 'thank you's and 'love you's and 'goodbye's; find time to smile, laugh and giggle; eat your heart out; watch silly cartoons and advertisements; make wild fashion statements and party hard.. in short, once in a while, **FRIENDS** just try to **LIVE UNPLUGGED..!!**

the ladder of success is best climbed by stepping on the rungs of opportunity..!
