“ALONE-GHOST DOESN'T HOLD A CANDLE ON TO IT AND DEATH IS ONLY A POOR SYNONYM...”

UNDER THE GRAVE...

'Well, some people don't believe in god and haven't proved His existence because no one has seen Him...but similarly in science we have not seen protons and electrons but still they are present....therefore we can conclude that there is some aura which connects the world!!;)

BLACK MAGIC :-

BLACK MAGIC HAS BEEN TRADITIONALLY REFERRED TO THE USE OF SUPERNATURAL POWERS FOR EVIL AND SELFISH PURPOSES. THERE ARE ALSO SOME PEOPLE ON THE OCCULT FRINGE WHO CLAIM TO BE DEVIL WORSHIPPERS, OR BLACK MAGICIANS. THEY MAY BE ATTRACTED BY THE 'ART' OF BLACK MAGIC, OR EVEN BY THE 'GLAMOUR' OF DOING THINGS AGAINST THE 'RULES'. HOWEVER A REAL BLACK MAGICIAN IS VERY DANGEROUS AS HE HAS DEDICATED HIS LIFE TO EVIL.

BLACK MAGIC PRACTICES...

- **TRUE NAME SPELLS**-Knowing a person's true name allows control over that person, making this wrong for the same reason. This can also be used as a connection to the other person.
- **IMMORTALITY**- Life is finite, and wishing to live beyond one's natural span is not with the flow of nature. Beyond this, there is a major issue with immortality. Because of the need to test the results, the subjects must be killed. Even a spell to extend life may not be entirely good, draws life energy from another to sustain the spell.

Aahat is an Indian thriller/horror television series shown on Sony Entertainment Television. The show presents two ghost stories each week. Each story focuses on a different aspect of paranormal activity, such as ghosts, zombies, phantoms, undead persons, possessed objects and witches and wizards. Canadian actor, Remi Kaler, worked in this series in 1999 and 2000.

Watch Out!!

Ssshhhh...Koi Hai ..

Tales of ghosts, black magic, monsters, creepy creatures under the bed - Ssshhhh.. Koi Hai... is the stuff your nightmares are made of.

Combining hair-raising stories with technical wizardry, Ssshhhh... Koi Hai takes you on a scary ride into the realm of spine-chilling adventures and blood-curling experiences.

Some of the stories as old as your grandma's great-aunt, some are modern, some are set in exotic locations... while some could happen to you right now.

A PAGE FROM THE FEAR FILES...

Some think me to be scary....some think 'its just' a mystery..for some it is fun..BUT the void existence is always good when it kills EVERYONE...! A group of friends had been to the outskirts of mumbai...a place well known for the encounter with ghosts! Rajiv,one amongst them had always been a shy and reserved child and did not believe in spirits..

That night,in the forest they met an old man who gave them a 'sacred chain'...he told it was auspicious! Now that place was called 'THE HOUSE OF UNKNOWN'! While going back Rajiv coincidentally stepped on a woolen doll which had some lemons kept beside.

Well this seems to be something normal...BUT IT WAS NOT! it was clearly instructed 'DANGER IS JUST A FRIEND'

So back home Rajiv behaved differently.....HE locked himself in a room,started scribbling on the walls..he was not ready to talk to anyone..his face had turned red..! The atmosphere out there became dark and smoky...His hands took a weird shape and his eyes started oozing out blood...

This seemed to be a similar case as experienced by a girl named Lily Allen who died 20years back...! Lily died by drowning herself in the well and from that day onwards there was no water in the well BUT JUST FROZEN BLOOD!

Coming back to Rajiv...he was almost on the verge of insanity! Many doctors were called but all efforts went in vain...! RAJIV had lost his control!

Finally the old man who had given them the 'sacred chain' was called and it was discovered that someone had done BLACKMAGIC on him...! Rajiv was extremely traumatized and in the end he dug his own grave...!

this was the tragic end of RAJIV...

From that day on,it is popularly said 'UNDER THE GRAVE'

THERE ARE GHOSTS...JUST LIKE THERE ARE MEN!

YOU ENCROACH THEIR EXISTENCE AND THEY RUIN YOUR EXISTENCE...

AND THEY DONT NEED A STORY...THEY 'JUST NEED A MEDIUM' :)

THE ART OF CONNECTING YOUR SOUL TO AN ENLIGHTENED SOUL WHICH RESIDES IN A PARALLEL WORLD IS SPIRITUALITY IS GIVING BIRTH TO AN INDELIBLE EXPERIENCE AND A NEW INNER SELF!!

WHY IS IT SO.....???

Ghost in the mirror

- 1) Have you experienced seeing particles like shades of grey..when the lights are off...
- 2) Someone following you...or always watching you..WHEN THERE IS ACTUALLY NO-ONE BEHIND!
- 3) Bad nightmares that somewhere link up your future...
- 4) Places or faces that seem familiar...
- 5) Ever thought why normal places become haunted houses...
- 6) Felt blank at some point of time...and then you suddenly hear someone say..EVEN IF THERE IS NO ONE AROUND
- 7) Why do you have the desire to explore haunted places when you don't believe in spiritual existence..
- 8) Why do our elders or priests..or even science..preaches us to stay away from spirits..when most of us think 'THERE IS NOTHING LIKE THAT..'
- 9) Ever thought why night is said to be 'THE RISE OF UNKNOWN...'
- 10) Why is that, animals sense something abnormal when most of us don't believe in it....
